Membership dues are based on the calendar year, and can be pro-rated for the number of months left in the year. However, companies joining on or after October 31st of a given year need to pay the dues for the balance of that year plus the following year's annual dues.

CAPP members receive a variety of information, including information on events, as part of their membership and may also choose to participate in activities that involve receipt of additional information. Much of this information is communicated electronically to the membership as part of the relationship that is established by becoming a member. By choosing to join CAPP or to continue your membership you agree to receive the information in the electronic form that CAPP from time to time provides to members.

I have reviewed the Company Information and 2023 Associate Membership Dues sections above, and my signature below confirms the appropriateness of the information and calculations.

¹ Includes downstream sectors of the industry.

² Foreign producers are companies that are engaged primarily in exploration, development and production of hydrocarbons and other related by-products outside of Canada with less than 2,000 boe/day of Canadian production **AND** less than 75% of their total production in Canada.

³ Professional Corporation should only be selected if the Professional Corporation is not part of another category.
